

Octane PACS 2025

Episode 1:

**Early Stages of Tuberculosis:
Diagnosis to Treatment**

PACS

International Web Symposium 2.0

Saturday, 8th November, 2025

7:30 pm – 8:30 pm

Dear Doctor,

We are excited to invite you to our 2nd Season of the first-of-its-kind, PACS International Web Symposium 2.0 on this year's Octane PACS. This is a unique initiative that will provide a preview to the advanced topics in

Pulmonology discussed at the Octane PACS 2025 held earlier this year.

This web symposium series brings to you curated keynote presentations of globally renowned international best researchers who came to India in PACS, coupled with perspectives from top Indian experts through an interactive panel discussion.

Session will bring an international speaker live for discussions too along with interactive Q & A.

Why should you attend this Symposium?

- Learn approaches that can enhance Early Stage Pulmonary Tuberculosis detection, improve treatment outcomes, and optimize patient care in real-world settings.
- Understand how to translate global evidence into lessening TB burden and improving standards in Indian practice, with guidance from leading International & Indian experts.

Registration is free but spots are limited, so secure your place today!
